

Vistaslide 25

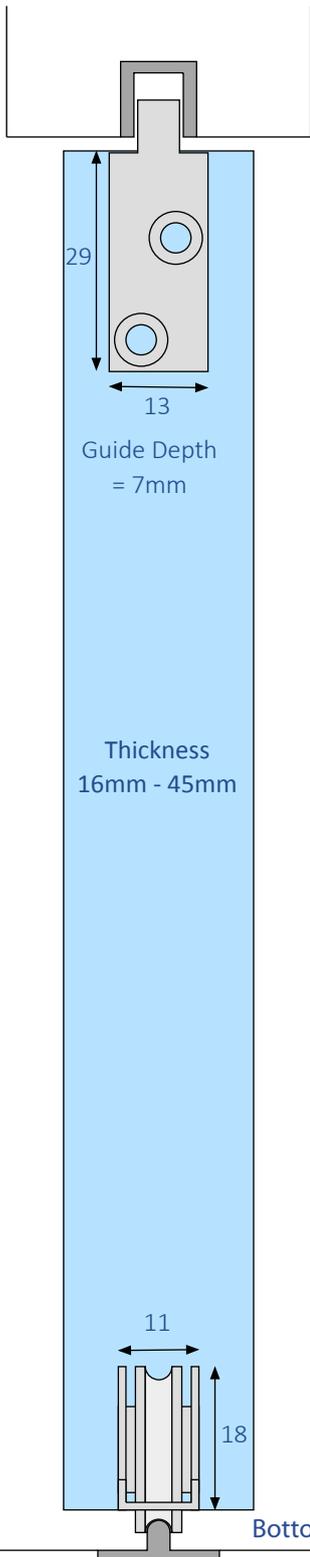

Vistaslide 25 is our new offer for lightweight single sliding panels upto 25kg in weight. Available as either a single panel or double panel bi-passing kit.

Kits include 1800mm track and channels, guides and rollers, of which have very smooth bearings offering a quality rarely seen in such a small, economical unit.

Kits are ideal for small cupboards as well as external sliding sash windows and offers optional extras including locking bolts, flush pulls and interlocks.
